

Let There Be Love

How much longer we can go on like this as we used to?
Do we know that it cause some pain?
If we wanna live day further
We should change our lives completely starting now

Let there be love
Let there be healing
Let there be you
Let there be me
Let there be feelings
With bit more compassion
Let there be light
Inside of our hearts

How much longer we`ll keep watching
Consequences from deals built up on our own blood
And maybe it`s not too late to refuse those things
we can`t bring home

Let there be love
Let there be healing
Let there be you
Let there be me
Let there be feelings
With bit more compassion
Let there be light
Inside of our hearts

*There`s no right time
There`s no right day
To create new world
Only time we have*

is just today

Let there be love
Let there be healing
Let there be you
Let there be me
Let there be feelings
With bit more compassion
Let there be light
Inside of our hearts

I`m beging you, I`m beging you - let there be love
